About the Earthquake

On April 18, 1906 San Francisco was wrecked by a Great Earthquake at 5:13 a.m., and then destroyed by the Great Fire that burned for four days. For information on the Great Earthquake and Fire of 1906, visit the following sites: www.sfhistory.org, www.1906centennial.org, www.sfmuseum.net/1906/06.html

About the San Francisco Museum and Historical Society

The Society was organized in February 2002, with the merger of the San Francisco Historical Society and the Museum of the City of San Francisco. The Society is a non-profit organization focused on preserving, interpreting, and presenting the historical heritage of San Francisco, from its variegated natural history to its lively human history. The Society fulfills these objectives through a broad spectrum of exhibitions, programs and special events, and The Argonaut, our beautiful journal featuring photographs and in-depth reviews of our city's history. The Society houses exhibitions at Pier 45 and City Hall and is currently restoring the landmark Old Mint at 5th and Mission Streets into a city history museum and visitor center. www.sfhistory.org

About the Chinese Historical Society of America

Established in 1963, the Chinese Historical Society of America (CHSA) operates a Museum and Wells Fargo Foundation Learning Center in the landmark Julia Morgan-designed Chinatown YWCA. As the primary historic gateway for Chinese immigrants, San Francisco plays a unique position in the hearts and minds of more than 2 million Americans of Chinese descent. A key destination in San Francisco, the CHSA Museum and Learning Center tells the rich story of Chinatown and the Chinese American experience, which was irrevocable and dramatically changed by the 1906 Quake and Fire. www.chsa.org
